“ *I went to school with Matt at Graves Road from 1-6 and he was the best. He was always cutting up and had me laughing nonstop. We all lost touch it seemed after busing hit us in in 1973 and we all got split up. When I think back on all of elementary school years he is always in my thoughts and he was such a great guy and we all got along so well. My prayers go out to his family as I can only imagine the great man he turned out to be in life.*

“ *I'd like to extend my deepest sympathies to Matt's family. Matt and I went to school together from the 8th grade through the 12th. Although we'd lost touch in recent years, I still considered Matt a great friend. Matt was an excellent athlete in baseball and basket ball. His humor and wit will be missed by all. I know his faith in God has reunited him with his mom and dad.*

“ *Mattie The Bull Savage. Mattie was a source of strength and humor to all who met him. He was a provider for his family and one of the most kind, loving, honest people that I have ever had the honor of calling my friend. He was a Dad to my daughter when she didn't have one of her own that cared about her. Mattie The Bull will be missed by all of us. Our Elvis family will be here for Amy and Ashlyn as they go through life without this pillar of strength. Rest Mattie - your race has been run. We love and miss you more than you know.*
