“ One of the greatest gifts I received in life was to have you as my mother. You spoke the honest truth and people loved you. You're salmon croquettes on Saturday mornings with smothered potatoes were the best in town hands down. We use to fight over those baby. The Queen of playing Spades. You put even the strongest man or woman to shame because on your team you were sure to win...although you said I couldn't play 🎴....So many precious memories shared with you that can never be forgotten. I guess now I will be eating sushi alone, and making smoothies for myself because that was our thing. You could always count on my smoothies and for dinner your sushi baby. My heart is 💔 but yours is healed so I can be happy knowing that your no longer in any pain. You have your mansion now mamma. Until we meet again my ❤️ ..rest and be in peace with your mom, dad, sisters, and a host of others. Now live with zero sickness, pain, bill free, worry free, and all negativity Free. You are my guardian angel now and I know we will meet again. Love you always, your Candise S❤️
