EM

“*Rosie is a very special and loved lady. I will cherish the memories I have of her from the times I spent with her since meeting her and getting to know her 13+ years ago. I'm grateful I was able to see her more frequently and spend more time with her these last couple years. Her faith, endurance, and cheerfulness blessed my life. May you find peace and comfort at this time.*

With sympathy,

Emily Morrison and family
